

Application for Registration as a Guest Auditor to Individual Courses

I herewith apply to visit the courses listed below in the winter/summer semester 20__ as a guest auditor.
 I have been informed that courses in the School of Medicine *may not* be audited. Courses offered in degree programs with limited enrollment may only be audited if they do not require a permanently assigned workspace for regularly enrolled students.

I submit the following documents as proof of my qualification:

- a) Higher education entrance qualification certificate / upper secondary school diploma (For students applying as auditors to the LMU, a student I.D. from your former university will suffice.)
- b) Diploma verifying my first degree (for courses in advanced degree programs for which a first degree, usually a bachelor's, is a prerequisite).
