My story

Right after enrollment – registered with Studentenwerk

1st Semester – found a WH room through Facebook

7th of January – got an offer from Studentenwerk

had 3 days to reply

me being me, did not check the email

lost the offer

2nd Semester – got a room of a friend who did an exchange for semester

3rd Semester – my neighbor moved out for a semester

4th Semester – another neighbor moved out for a semester

5th Semester – ???

My advice

1. Check Facebook groups and be first to write a message

2. Talk to many people

Make many friends

Check Tumi events for that (Language Café, Länderabend, etc.)

3. Check your email

4. Just be lucky! It's that easy
