Shape your university!

Projects of the student representation
What is the student representation?

- **Normal students** who are actively engaged for their fellow students
- **Official representation of student interests** in the university
  (professors, administration,…)
- Offering many **services**
- Organization of **festivals and parties**
Projects of the departmental student councils

• **Representing the students interests in each department**

• Service for students:
  – Printing scripts and theses
  – Student newspaper
  – Evaluation of study courses
  – ...

• **University policy** in the department:
  – Improvements in teaching and learning
  – Procurement of public funds to improve conditions of study
  – Take part in faculty search and evaluation committees
  – ...
