TUM Programming Language Center

A center for **programming courses for everyone.**

TLΠ

TLΠ.PLC
Center for coding & digital

Problem

1. Only few programming courses for everyone
2. Existing courses not easily accessible
3. Hard to know which programming skills are valuable
4. Generic lessons are hard to transfer to your field of interest
5. Independent learning is time-consuming and requires high motivation
6. Self thought programming skills cannot be certified

Solution

1. **New coding courses** for everyone

2. **Study online** Work on courses at your own pace

3. **Learn from experts** of science & industry

4. **Project-based learning** on relevant cases

5. **Work in groups** or study by yourself

6. **Get coding skills certified** by TUM
