Dr. Karl Wamsler Innovation Award 2017

In honorable memory of the distinguished German chemist Dr. Karl Wamsler, a formative personality of the German chemical industry, Clariant has donated the Dr. Karl Wamsler Innovation Award at the Technical University of Munich (TUM).

The annual prize will be awarded to scientists who have created innovative momentum with industrial potential in the field of catalysis research.

The jury will consider ground-breaking work that has been documented in scientific journals or patent literature and which has originated in an academic or industrial research environment.

The science award is endowed with EUR 50,000 and will be presented for the first time in Munich on December 4, 2017.

Convincing and well-founded nominations may be submitted until August 31, 2017 (self-nominations will not be accepted):
